Attention of Park and Cemetery officials is called to this list of stock, which is selected, heavy, and fine in every particular. For immediate effect it is unexcelled, and the prices are BELOW COMPETITION, even if there was a duplicate stock in America, and I can confidently say THERE IS NOT. This is only an ABRIDGED list, however, the Highlands Nursery having in stock hundreds of thousands of fine trees and plants, in hundreds of varieties. Wholesale Catalogue is published a few weeks later.
